

D - Extinct species
H - Winter Visitor
M - Migrant
N - Confirmed breeder
(N)- breeder in northern Québec
R - resident
V - Accidental
OC - Captive
XX - Rejected species

c - commun / common : Observé à tous les ans au Québec, habituellement en bon nombre. Relativement facile à observer sous les bonnes conditions (endroit et période).

o - occasionnel / occasional : Observé à pratiquement tous les ans au Québec. Cependant pas facile à observer, même sous des conditions favorables.

r - rare / rare : Jamais plus de quelques mentions par an pour tout le Québec, souvent moins. Difficile à observer en tout temps. Parfois imprévisible.

e - présence exceptionnelle / Exceptional (nombre de mentions / nb. mentions) : Totalement imprévisible. Peut ne pas être observés pendant de longues périodes (plusieurs années).

- espèce non-documentée / undocumented species espèce pour laquelle il n'existe pas de mentions documentées par une photo ou un spécimen (ou pour laquelle la documentation a été jugée insuffisante).

? - statut incertain / uncertain status

x - extirpé / extirpated : Espèce disparue ou qui n'est plus observé au Québec depuis longtemps
